

Report on ICT facility of the Institution

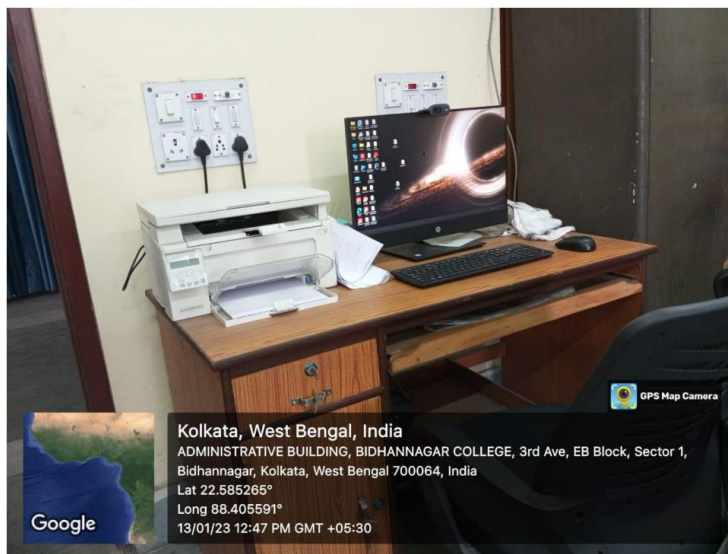

NIELIT computer centre of Bidhannagar College offers a great facility for the students in terms of both educational and technical aspects. It provides basic courses in computational aptitude at a subsidized rate that helps them in future prospects. This centre has been running since 2013. Notable aspect is the availability of fully subsidized computer training on Basic Computer Courses for the students, with a subsidized rate that was given by NIELIT and IECT (Information Electronics & Communication Technology) scheme of the Government of India. Not only students, the non-teaching and the teaching staff of this College can also avail this facility. In recent years this centre is serving the college with the facilities of providing courses in computers for the students who resides very near to the college campus.

On 18th August 2023, the Institution signed a MOU with Data Q to open a computer laboratory in the college premises. It was agreed that they would offer courses at a 25% fee waiver to this institution's existing and former students. A full fee waiver would be offered to EWS students. Absolutely free basic computer training would be provided to the non-teaching staff as well. The Value added course (VAC) on computer studies, as mentioned in the NEP syllabus was completed by this centre.
