**Subject: Activity Report: Waste Recycling Initiative at Bidhannagar College**

**Objective:** The objective of this activity report is to update Bidhannagar College on the progress and impact of the waste recycling initiative undertaken by Vital Waste Management on your campus.

**Overview:** Vital Waste Management has been actively involved in implementing a comprehensive waste recycling program at Bidhannagar College since 30 June 2023. The initiative aims to promote environmental sustainability, reduce waste sent to landfills, and cultivate a culture of recycling among students and faculty.

**Key Activities and Achievements:**

**1. Waste Audit and Assessment:**

- o Conducted a thorough waste audit to analyze the composition and volume of 106 Kgs waste generated on campus.
- o Identified key areas for improvement and prioritized materials for recycling.

**2. Infrastructure Setup:**

- o Installed designated recycling bins across campus for paper, plastics, metals, and other recyclable materials.
- o Provided educational signage to guide students and staff on proper waste segregation.

**3. Awareness and Education:**

- o Organized awareness campaigns, workshops, and seminars on the importance of recycling and its environmental benefits.
- o Collaborated with college authorities to integrate recycling education into the curriculum.

**4. Collection and Processing:**

- o Established a regular collection schedule to ensure timely pickup of recyclable materials.
- o Partnered with local recycling facilities to responsibly process collected materials.

Info@vitalwaste.com

**Impact:**

- **Environmental Impact:**
  - Reduced the amount of waste sent to landfills.
- **Educational Impact:**
  - Increased awareness and understanding of recycling practices among students, faculty, and staff.
  - Fostered a sense of environmental responsibility and sustainable living.

**Challenges:**

- Initial resistance to change in waste disposal habits.
- Ensuring consistent participation and adherence to recycling guidelines.

**Future Plans:**

- Expand the recycling program to include additional materials and areas of the campus.
- Enhance educational initiatives to promote sustainability beyond recycling.
- Explore opportunities for community engagement and partnerships.

**Conclusion:** The waste recycling initiative at Bidhannagar College has made significant strides in promoting environmental stewardship and fostering a culture of sustainability. Vital Waste Management remains committed to supporting the college in achieving its environmental goals and looks forward to continued collaboration.

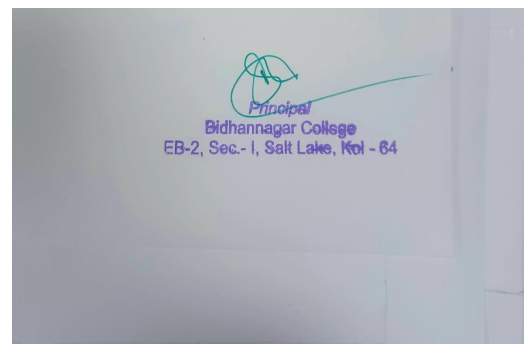

**Contact Information:** For further inquiries or to discuss the next steps in our partnership, please contact us.

Thank you for your continued support and commitment to sustainability.

Sincerely,

Anish Tiwari

**Activity Report of NSOU-Bidhannagar College Learners' Support Centre**

The Memorandum of Understanding MoU was signed between Netaji Subhas Open University and Bidhannagar College on 27th December 2022 for successful running of the PG Personal Contact Programme in Zoology. Bidhannagar College Learners' Support Centre-LSC or (or Study Centre) (Centre Code: I-09) of Netaji Subhas Open University (NSOU) for the Personal Contact Programme (PCP) has been established at the Department of Zoology of Bidhannagar College in the year 2007. The course conducted in this study centre is the Post Graduate Degree Programme in Zoology (PGZO) for two years.

The admission process in this course is centralized and conducted by NSOU itself based on merit and counselling. Faculty members (University approved) from different Government Colleges, Government-aided Colleges, and Universities are addressing PG classes regularly on every Sundays and also on Saturday and holidays (if possible). The total student intake capacity in this LSC for PG Zoology is 25 per year. It imparts quality educations through ODL mode.

PG Classes are scheduled all throughout the year as per the routine provided by the university. Registration, renewal of studentship, form fill-up of examination and publication of results are carried out online and conducted by the University itself. Study materials are made available to the students in both printed and online formats. So that students can download it from university website if not possible to collect physically. Apart from the offline classes university also engages online special classes for students of all the LSCs.

Bidhannagar College Learners Support Centre (LSC) provides different logistics and infrastructural facilities, academic and research support to the learners for their academic and professional development. Present student strength of the LSC is 25 per batch.

Theory exam is conducted by the university in other colleges apart from respective LSCs but practical exam is run by the respective study centres. Students have to clear in each group for a particular paper. Both assignments and term end examination are compulsory to qualify the exam. Every year students need to renew their studentship through university

online portal. NSOU have engaged students through NSOU app and website information along with intimation to the coordinators. University regularly visits and gets updates regarding the progression of the students and the study centre.

Practical work for both part-1 and part-2 is conducted in the study centre by respective faculty members. Students are encouraged to do project work for their post graduate dissertation or thesis on any related matters or topics. Many students have presented their research work in different national and international seminar. Few of them have completed or pursuing PhD work from different universities. Few students have published their dissertation work in scientific book chapter.

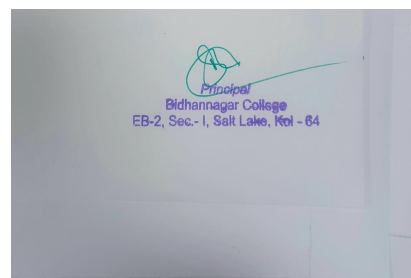

Faculty members of different institutions take classes of PGZO programme. They also help students to complete their assignments and dissertation work. Teachers also encourages students to participate in summer internship programme.
