School of Humanities and Social Sciences

Offer of Admission to M.Sc. Program in Economics, 2023

16 August 2023

Dear Anindya Singh,

We are pleased to inform you that you have been selected for admission to the M.Sc. program in Economics at the School of Humanities and Social Sciences, Shiv Nadar Institution of Eminence.

A warm welcome and congratulations on your selection. The two-year master's program in Economics is a top-tier post-graduate program in Economics in India. The admitted students will receive training within an active and thriving research environment, supported by faculty members working at the forefront of research in their respective fields. Recently a number of new faculty members have joined the department as the department continues to grow in strength. A list of the faculty members and relevant information about the department can be found on the department website. The curriculum imparts a theoretical foundation with a strong emphasis on applications and hence a solid grounding in quantitative methods and econometrics. The students who are accepted in the program receive rigorous training in tools of economic analysis which enable them to contribute creatively and meaningfully to academia, the corporate sector, the social sector, or spheres of policymaking.

The master's program involves the successful completion of 16 courses (8 compulsory and 8 electives). Additionally, in Semester I, students are required to pass a course on Programming (i.e., this will be graded 'satisfactory' or 'unsatisfactory' and will not receive a letter grade).

The first-year coursework (Semesters I and II) consists of 7 compulsory courses, the course on Programming (as mentioned above), and 1 elective course. The compulsory courses include courses on Microeconomics, Macroeconomics, Statistics, Econometrics, and Mathematical Economics. The second year (Semesters III and IV) involve the students completing 1 compulsory course (in Advanced Econometrics) and choosing 7 elective courses based on their interests. The department offers a broad list of elective courses. In semester III, students can also opt for a research project course, spread over two semesters, where they work under the supervision of a faculty to develop a Master's thesis. Students writing a Master's thesis are given a waiver of two courses, one course in each semester of the second year. Please refer to the prospectus for more details.

This Offer of Admission is provisional subject to verification of the original documents and information provided by you during the Admission Process when you join the University. In case of any discrepancy, the Offer of Admission and/or scholarship is liable to be rescinded. The fee details are below; please see the Annexure for other important details.

Please confirm your acceptance by **17th August 2023, before noon** via email, and ensure the payment of fees by **4 PM, 18th August 2023** after which the unfilled seats will be allocated to the waitlisted candidates.

Looking forward to seeing you soon in our department.

With best wishes,
