

**Bidhannagar College**  
**(Government of West Bengal)**  
**Enterprise Resource Planning of the Institution**

**Administration**

Most of the administrative works are being done by using computers and internet; the software-based system is partially introduced for better administrative cohesion and effectiveness. A fully developed system is yet to be introduced.

**Finance and Accounts**

WBIFMS is the Integrated Financial Management System enabling all transactions done fully online. Major finance-involved activities are undertaken through online processes like e-tender, fees-deposit, on line credit system.

**Student Admission and Support**

Admission process has been rendered fully online. During admission process, the merit lists are displayed in the College web site on regular basis. There being no need of the applicants physically approaching the College for the admission process. Only credentials are physically verified at the time of commencement of classes. Currently the software system is supported by eBluesoft software company [Mr. Arjun Mukherjee (eBluesoft), M: 9804153217]

**Examination**

The notification regarding schedule of examinations are displayed in the College web site. Notifications of End-semester Examinations are displayed in the University website ([www.wbsuexams.net](http://www.wbsuexams.net)). All the Mid-semester and End semester Examinations in the odd semesters and even semesters of both UG and PG courses are taken in offline mode. All the results for internal evaluation of UG examinations are sent online to West Bengal State University through their portal accessible by membership code.
