## **WEBINAR REPORT**

The session begun at 5.00 pm on 20.8.2020 with over 1454 participants from all over India who have joined this webinar through Google Meet and you tube live streaming platform. The participants are from different Universities such as - Delhi University, Gauhati University, Viswa Bharati Univ., Jadavpur University, Calcutta University, Presidency University, Burdwan University, Kalyani University, and also from almost 40 different colleges such as Moulana Azad college, St Xaviers College, Barasat Govt. College, Ramakrishna Mission Vidyamandira, Hooghly Mohsin college, Taki Govt. College, Christ Church College, Scottish Church College, Serampur College, APC college and many more, including the students of our College.

The principal delivered the welcome address. The HoD of Botany Dept. introduced the speaker.

Dr Duari made a presentation on – Journey to the Solar system and Beyond for about 40 minutes. It was as captivating as was informative. There were catchy photographs, data and facts which even a layman could understand. That we are a part of the solar system and there could be many many more such systems came to light.

There was a question and answer session which lasted over 30 mins after the talk. The mood of the participants could be understood through the lively session.
