## Webinar Report

The Department of Statistics, Bidhannagar College organized a state level webinar on “How much does a kilogram of flour weigh?” at 2:30 p.m. on 4th September, 2020. The invited speaker was Prof. Sugata Sen Roy, Head of the Department of Statistics, University of Calcutta. Dr. Madhumita Manna, Principal, Bidhannagar College was the Chief Patron and Mr. Arup Kr. Hait, Head of the Department of Statistics, Bidhannagar College, was the convenor of the webinar. The webinar was conducted in Google meet and YouTube live streaming. Among 350 participants registered for this webinar, over 85% were undergraduate students and the rest were mainly college teachers and research scholars. About 250 participants filled the feedback form up and the certificates were sent to all of them.

The webinar was based on some real life problems on probability and Statistics, special attention was on statistical quality control and the associated ethics for both consumer and producer. All the participants enjoyed the program very much and it ended up with a grand success.
