- (vii) 70 students, Program officer, 5 teachers, 5 non teaching staff .

7. Nature of Social Outcome. Consequences of each Program :

- (i) In today's world the message and life of Swami Vivekananda is very much relevant. He was the symbol of spirit and youth of the country. The students are misguided and frustrated in the present day. Here by the philosophy of Swamiji the students will be encouraged and will follow the proper path to lead a meaningful life.
The students took part in the quiz contest with great enthusiasm and zeal. The prizes were given to the students securing 1st, 2nd and 3rd positions to encourage them.
- (ii) Chemical fertilizers are widely used throughout the world to produce our food grains , vegetables and crops. It creates huge amount of health hazards in human beings. By this seminar students came to know about an alternative to chemical fertilizers which can be used to produce crops and food grains. If this could be done in large scale the world could be free from many diseases.
- (iii) The students attended this Program to celebrate the Energy Conservation Day. We know very well that non renewable energy sources will be fully exhausted within few decades. Only alternative is the renewable energy sources. The students are the future of the entire nation and the world as a whole. By attending this Program the students are highly motivated who may opt their future life in investigating the renewable energy sources.
- (iv) The Doctors basically tried to generate an overall general awareness for Thalassemia among the participants. The Screening Tests for Thalassemia of 65 students were done. After the screening tests the students were informed about whether they are the carrier of the disease or not. The students were benefitted by this Program.
- (v) The Rotary Club of Kolkata Mahanagar organized this Blood Group detection camp. The Blood Group of the students, teachers and non teaching staff were instantly detected and certificates mentioning their blood group were given to the students.

- (vi) Dr. Chirasukh Chandra, Ex Principal, Bengal Homoeopathic Medical College, Asansol, Burdwan treated the students, teachers, non teaching staff and other people from the surrounding locality on each Friday. Not only that , Dr. Chandra Provided the medicines with free of costs. The poor people of the locality were benefitted to large extent by this charitable Homoeopathic treatment.
 - (vii) The NSS unit of Bidhannagar College including students , Teachers and volunteers took part in the beautification and cleaning of the college and campus and as a result the college and the campus was well maintained.
-
